Replaces the expired $500 Referral Credit promotion. • Active promotions increased from 13 to 14. • Updated the Resin Bundle Offer to match its redesigned flyer: added the $525 SprintRay list-price basis, attributed the up-to-40-arch yield to SprintRay estimates, and added Rx-only and Instructions for Use language. Offer terms, pricing and dates are unchanged. • Companion promotion flyers reissued as Rev 1.1 with updated product imagery.
